:) i n o d is - I am, an expressionist whose quench for learning increases every day. Websites don't have to be static, I love making pages come to life. I have a serious passion for UI effects, animations, and creating intuitive, dynamic user experiences.

My 7 plus years of HTMLCode-intensive projects include invested years with Dentsu Communication Private Ltd., Dentsu Webchutney & Sparkt India.
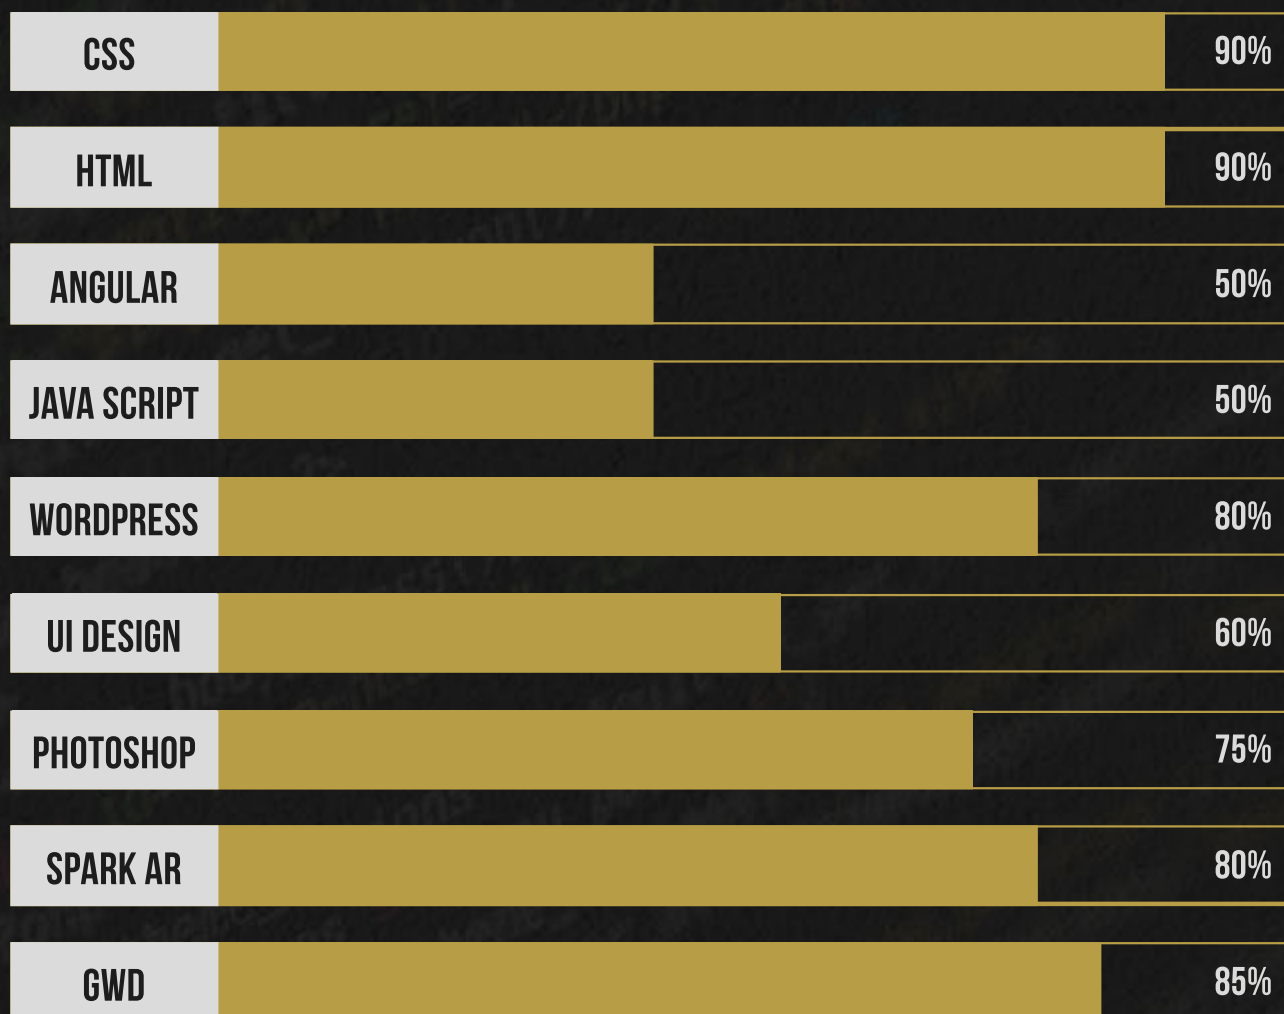

From Junior to Senior Every way in this journey, I have learned with Various high flung brands like Piramal, Mahindra Mutual Fund, Star Network, uSports, Bharti Axa, Indiabulls, HUL, Project 1.6, Jet Airways, Sarva

Before UI Development, I was in the IT field as an IT technician, Maybe that's why I have a passion for learning new things on the computer.

Except for the UI development, I have work on Augmented Reality, Animations, Creative Ideas, Try out new applications which are the interesting part for me.
